

## **FEED A SENIOR IN NEED!** **IT'S ITALIA PARTNERS WITH THE SENIOR COASTSIDERS**

*"Every day during this pandemic, we are witnessing miracles of love and kindness."*

*"When this pandemic started, and we were instructed to shelter in place, we decided that we needed to do something to help our community. We carefully considered the community's needs, and quickly realized that the Seniors of our community were in many ways, at greatest risk, so we decided to create a program that would help them. Hence, we started "Feed a Senior in Need." To our grateful delight, but not surprisingly, our community responded with their generosity and support. This program is a win-win for all - it feeds seniors, it keeps our employees working, and it is a genuine feel good for those who support it!"*

- Betsy and George del Fierro, Owners, It's Italia

Since March of this year, It's Italia has partnered with the Senior Coastsiders to bring a hot Lasagne and Focaccia Bread meal to over 225 homebound seniors, once a week! Through generous donations from our community, we have built this program from initially providing meals once a month to increasing the meals to once a week! Every dollar donated supports our program, our seniors, and our employees. Our goal is to raise enough money to continue the weekly meals through the year. At 225+ meals a week, @ roughly \$7.50 a meal, for 19 weeks, (approx. 4266 meals), the total needed is \$32,000 thru December 2020.

Thank you for being a part of this!

***Please help us continue to keep this program going!***  
***Our goal is to continue providing meals for our Seniors throughout this pandemic.***

*Your support will help to assure their safety, their health, and most certainly - their big smiles as they look forward to a hot meal, every Friday night, from It's Italia!*
