

As we are all focused on the concerns around COVID-19, we are reaching out to our community, our guests, and all the It's Italia Family to let you know what steps we are taking to protect you, our workers, and our vendors. The restaurant is now open for TAKE AWAY ONLY, and we are filling the needs of the community by offering our menu for take out orders from 4 to 8 daily.

Since our opening in 1997, we have held the highest standards of caring for all our guests, both locals and travelers, and now, we are adding new layers of health and safety practices to our daily operations for security and comfort of all.

A stringent standard of cleaning, sanitation, and health care has always been a high priority, but in response to the current circumstances, we have added further protocols to ensure maximum safety:

- Minimal interaction and exposure - We have limited our work force to a maximum of 7 employees daily.
- Social distancing – curbside service is available. 6 feet of separation when coming into the restaurant to pick up orders.
- The use of gloves, hand sanitizer, sani wipes on all exposed surfaces , and vigorous constant hand washing is encouraged ongoingly during hours of operation. Sani wipes are available to all guests coming in to pick up orders.
- We are monitoring each staff member upon their arrival to be sure they are able to work and asking those who do not feel well to stay home.

- We are asking our guests to pay with credit cards over the phone, to minimize touch exchanges. We are asking for credit card payments instead of cash.

We are thankful every day to our wonderful community and loyal guests for the support that has been given to It's Italia for the past 22 years! We sincerely hope that you will continue to support the small businesses on the coast side that make it such a jewel to live here, to visit here, and to partner with as we all band together through this challenging time.

*As we move forward together keeping health as the number one priority, we will do this with the same energy, warmth, creativity, and ongoing commitment to a dining experience that not only delights the appetite, but truly feeds the soul! Keeping it positive and working together, we will move through this and come out on the other end with renewed wisdom and blessings unimaginable!*
